INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Triple Negative Breast Cancer Foundation, Inc.

We have audited the accompanying financial statements of Triple Negative Breast Cancer Foundation, Inc. (the "Foundation") which are comprised of the statements of financial position as of December 31, 2013 and 2012, and the related statements of activities and changes in net assets, cash flows and functional expenses for the years then ended, and the related notes to the financial statements.

Management Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material aspects, the financial position of Triple Negative Breast Cancer Foundation, Inc. as of December 31, 2013 and 2012, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

TRIPLE NEGATIVE BREAST CANCER FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – NATURE OF ORGANIZATION

Triple Negative Breast Cancer Foundation, Inc. (the “Foundation”) is a not-for profit organization. Triple negative breast cancer is a form of breast cancer that tests negative for three common receptors (estrogen, progesterone and HER2). The Foundation’s mission is to raise awareness of triple negative breast cancer, and to support scientists and researchers in their quest for effective prevention, detection and treatment of the disease.

The Foundation is exempt from Federal income taxes under section 501 (c)(3) of the Internal Revenue Service Code and has been classified as a publicly supported organization as described in Code sections 509(a)(1) and 170(b)(A)(VI).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Basis

The financial statements of Triple Negative Breast Cancer Foundation, Inc. have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Net Asset Accounting

The Foundation’s net assets, revenues, and expenses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Foundation and changes therein are classified and reported as follows:

Permanently Restricted – Net assets resulting from contributions and other inflows of assets whose use by the Foundation is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Foundation.

Temporarily Restricted – Net assets resulting from contributions and other inflows of assets whose use by the Foundation is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the organization pursuant to those stipulations. When such stipulations end or are fulfilled, such temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets.

Unrestricted – The part of the net assets that is neither permanently nor temporarily restricted by donor-imposed stipulations.

At December 31, 2013, the Foundation had \$175,539 temporarily restricted net assets and no permanently restricted net assets.

TRIPLE NEGATIVE BREAST CANCER FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued:

Income Taxes

The Internal Revenue Service (“IRS”) has determined that the Foundation is exempt from federal income tax under Section 501(c)(3) of the United States Internal Revenue Code (the “Code”) and from state and local income taxes under comparable laws. As a not-for-profit entity, the Foundation is subject to unrelated business income tax (“UBIT”), if applicable. For the tax years ended December 31, 2013 and 2012, the Foundation did not owe any UBIT.

Management has evaluated the Foundation’s tax positions for all open tax years and has concluded that the Foundation had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of GAAP. Generally, the Foundation is no longer subject to income tax examinations by the U.S. Federal, State or Local tax authorities for years before 2010, which is the standard statute of limitations look-back period.

The Foundation files information tax returns in the U.S. Federal jurisdiction.

Contributions

Unconditional grants and contributions, including promises to give cash and other assets, are reported at fair value at the date the contribution is received. These gifts are reported as unrestricted funds at the date the contribution is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Cash and Cash Equivalents

For purposes of cash flows, cash equivalents consist of highly liquid investments with original maturities of three months or less. The carrying amount of the Foundation’s cash and cash equivalents approximates fair value because of the short-term maturity of these instruments.

TRIPLE NEGATIVE BREAST CANCER FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES –
continued:**

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under the new standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

TRIPLE NEGATIVE BREAST CANCER FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued:

- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Recently Adopted Accounting Pronouncements

In January 2010, FASB issued Accounting Standards Update (“ASU”) No. 2010-06, Improving Disclosures about Fair Value Measurements. This update amends FASB ASC 820, Fair Value Measurements and Disclosures, to require new disclosures for significant transfers in and out of Level 1 and Level 2 fair value measurements, disaggregation regarding classes of assets and liabilities, valuation techniques, and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for Level 2 or Level 3. These disclosures are effective for reporting periods beginning after December 15, 2009. Additional new disclosures regarding the purchases, sales issuances, and settlements in the roll-forward of activity in Level 3 fair value measurements are effective for fiscal years beginning after December 15, 2010. The Foundation adopted the relevant disclosure provisions of ASU 2010-06 on January 1, 2013. The adoption of this standard did not have a material effect on the Foundation’s financial statements.

Depreciation

Depreciation has been provided on estimated useful lives for financial accounting purposes and statutory lives for tax purposes. Both utilize the straight-line and accelerated methods. The estimated and statutory lives used are as follows:

Equipment	5 years
-----------	---------

Expenditures for maintenance and repairs are charged to operations and renewals and betterments are capitalized.

TRIPLE NEGATIVE BREAST CANCER FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued:

Donations-in Kind and Contributed Services

Material gifts in kind used by the Triple Negative Breast Cancer Foundation are recorded as income and expense at the time the items are placed into service or distributed.

Contributed services are reported as contributions at their fair value if such services create or enhance nonfinancial assets, would have been purchased if not provided by contributions, require specialized skills and are provided by individuals possessing such specialized skills.

Functional Expenses

The costs of providing various services have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs benefited.

Use of Estimates in the Preparation of Financial Statements

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the dates of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Foundation has evaluated subsequent events through August 5, 2014, the date on which these financial statements were available to be issued.

NOTE 3 – COMMITMENTS

Grants Payable

Susan G. Komen Breast Cancer Foundation

On December 10, 2008, the Foundation contracted the Susan G. Komen Breast Cancer Foundation, Inc. (d/b/a Susan G. Komen for the Cure) (Komen) to co-fund “Susan G. Komen for the Cure Promise Grant” (the “TNBC Promise Grant”). In exchange, the Foundation will have the ability to review and opine on cancer research scientists who are applying for the Foundation’s funds.

TRIPLE NEGATIVE BREAST CANCER FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS

NOTE 3 – COMMITMENTS – continued:

Originally, Komen and the Foundation set the funding commitment for the TNBC Promise Grant in the amount of \$7,500,000. The amount was then revised to \$6,400,000, when Komen entered into an agreement with the recipient of the grant. As of December 31, 2013, the Foundation has awarded \$1,300,000 co-funding grants to Komen.

The Foundation has the option within a certain time period every year to renew the term of the agreement or to enter into another agreement with Komen in relation to the funding of the TNBC Promise Grant.

A renewed agreement with Komen effective December 1, 2011, was signed on March 31, 2012, indicating a total commitment of \$300,000 payable in 2012. As of December 31, 2012, the balance of grant payable to Komen was \$200,000.

In 2013, the Foundation made a new commitment to fund the TNBC Promise Grant in the amount of \$200,000. The fund is scheduled to be disbursed in 2014.

Other Grants

During 2013, the Foundation entered into agreements with various other organizations to provide grants for program services related to triple negative breast cancer. The total grant awarded was \$645,000. As of December 31, 2013, a sum of \$547,000 was outstanding.

NOTE 4 – CONCENTRATION OF CREDIT RISKS

The Foundation maintains cash balances with major financial institutions which routinely during 2013 and 2012, were in excess of federal insurance limits. The Foundation has not experienced any losses in these accounts, and management does not believe the Foundation is exposed to any significant credit risks with respect to cash.

The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Foundation's financial position.
